Feminism and Art History includes a wide range of art periods including Egyptian Pharaoh Art, Roman Art, Medieval Art, 18th and 20th-century art and concludes with American quilts. The authors spread the content of the essays among different regions in Europe which I feel is essential to a study on the representation of women in art as it lends itself as an enciclopediac-like source for all of Europe, rather than just one country or region.

10 Influential Women of Art Throughout History
They are a group of females who want to bring awareness to the fact that it is the 21st century and women are still underrepresented in the art world. Today the art world is still male-dominated. Even though you will see women making brilliant work, art still remains a predominantly masculine field. As women, we should no longer be objectified and act as the receiver of an active male gaze, rather history should be written to include our stories.
