All you need is λ , part one: booleans Mar 29, 2020 17 minute read. Nearly a century ago, Alonzo Church invented the simple, elegant, and yet elusive lambda calculus. Along with Alan Turing, he then proved the Church-Turing thesis: that anything computable with a Turing machine can also be computed in the lambda calculus. However, nearly as ...

We would recommend that all F Series tuning projects include some attention to the valve train, installing upgrade springs and retainers (TorqueCars rate Ferrea springs for the S2000). We recommend that you do a compression test which will help to determine the state of the engine and highlight the possibility of excessive wear.
