This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

FOREWORD TO THE SECOND EDITION BOYS, this foreword is too highbrow for your taste, skip it, but the author dont believe you will, and even if he has used some dictionary words he feels that you will forgive him after he tcalls you that he did so only because of the lack of time to think up more simple terms. What he wants to say is that . . . Bolhood is a wonderful and invaluable asset to the nation, for in the breast of every boy there is a divine spark, materialists call it the urge of youth, others call it the Christ in man, the Quakers call it the inner light, but all view it with interest and anxiety, the ignorant with fear and the wise with understanding sympathy, but also with a feeling akin to awe. Those of us who think we know boys, feel that this inner light illuminating their wonderful powers of imagination, is the compelling force culminating in the vigorous accomplishments of manhood. It is the force which sent Columbus voyaging over the unknown seas, which sent Captain Cool on his voyage around the world, the same force which carried Lindbergh in his frail airship across the Atlantic. Yes, it is the subline force 15-which has inspired physirians and laymen to chearfully risk and sacrifice their lives in search of the cause of Iellom Fever, Anthrax, Ilydrophobia and other communicable diseases

Each summer, millions of children complain, "There's nothing to do." Originally published in 1888, The American Boy's Handy Book resoundingly challenges this age-old dilemma by providing a huge number of ideas for fun and instructional projects for young boys. Everything from camping and kite building to raising dogs and building boats is detailed for the would-be adventurer and do-it-yourselfer.
