

Arabic Geometrical Pattern and Design - Jules Bourgoin ...

Islamic geometric design in architecture: from ancient to modern times. The artistic wealth of the decorative styles seen in the Maghreb (Moroccan style), the Middle East and the Muslim world in general, has always captivated western and oriental visitors through the extravagance, complexity and exuberant detail of the two genres that stand out: Islamic geometric design and floral arabesques.

Patterns in Arabic Architecture - Design & Manufacturing

Geometric-shaped Arabic patterns are commonly found in Islamic art. Their basic construction is founded on circles and lines. However complicated an Islamic pattern may seem to you, it is always based on a grid and a series of geometric shapes and lines.
