The eagle is one of the shortest poems written by the poet Alfred Lord Tennyson. In this poem, he uses language effectively in order to explore the ide a of man the relationship of the natural world. She uses the technique; he uses imaginary, symbolism, metaphorical language to make the reader think about the eagle and what we can learn about ourselves when considering the freedom of this creature.

English Literature: The Eagle

Eagle Poems. Seascape With Sun And Eagle. Freer than most birds an eagle flies up over San Francisco freer than most places soars high up floats and glides high up in the still open spaces flown from the mountains floated down far over ocean where the sunset has begun a mirror of itself He sails high over turning and turning where seaplanes might turn where warplanes might burn He wheels about burning in the red sun climbs and glides and doubles back upon himself now over ocean now over land ...
