## Holt Geometry Inscribed Angles Answers

Getting the books **holt geometry inscribed angles answers** now is not type of challenging means. You could not lonesome going subsequent to book buildup or library or borrowing from your connections to log on them. This is an agreed easy means to specifically acquire lead by on-line. This online statement holt geometry inscribed angles answers can be one of the options to accompany you past having supplementary time.

Holt McDougal Geometry 12-4 Inscribed Angles  
Check It Out! Example 4 Find the angle measures of JKLM. Step 1 Find the value of b.  
 $m\angle M + m\angle K = 180$  JKLM is inscribed in a circle.  
Substitute the given values.  $10x + 20 = 180$   
 $10x = 160$   $x = 16$   
 $4x - 13 + 33 + 6 = 180$   
Simplify. Subtract 20 from both sides. Divide both sides by 10.
