ADCES Art & Science Reference 5th Edition

The controversy with regard to the nature of management, as to whether it is an art or a science, is very old. This controversy, however, is not very much in the air now though the controversy is yet to be settled. It is to be noted that the learning process in art differs from that of science. Learning of art involves its continuous practice while learning of science basically involves the

assimilation of principles.

Is Management an Art or Science - Discussion
Management is both science as well as art.
Like science it has systematic and well-
organised body of knowledge and like art it
requires personal skill, creativity and
practice to apply such knowledge in the best
possible way. Science and art are not in
contrast to each other; both exist together
in every function of management. Management
as a Profession:
