John Baylis, Steve Smith "The globalization of world politics"

John Baylis, Steve Smith "The globalization of world politics"
Globalization affects the political stage by moving away from a national, territorial system and towards a unilateral integrated system. This allows for less focus on independent rights and economies and much greater focus on world events, local crises, human rights and global development, according to Global Policy.

Globalization of World Politics: An Introduction to ...
Globalism refers to various systems with scope beyond the merely international. It is used by political scientists, such as Joseph Nye, to describe "attempts to understand all the interconnections of the modern world—and to highlight patterns that underlie (and explain) them." While primarily associated with world-systems, it can be used to describe other global trends.
