How do companies generate new ideas? And how do they turn those ideas into products? Hardly a week passes without someone publishing a book on the subject. Most are rubbish. But *The Other Side of Innovation: Solving the Execution Challenge* is rather good. In their new book [the authors] address two subjects that are usually given short shrift: established companies rather than start-ups and the implementation of new ideas rather than their generation.

about 8 pages long and contains the stripped-down essential ideas from the entire book in a time-saving format.

~~The Other Side of Innovation~~

This complete summary of the ideas from Vijay Govindarajan and Chris Trimble's book "The Other Side of Innovation" shows that companies are struggling to make innovation happen. Some give their workers free time to come up with new ideas, some have detailed processes for closing the loop between ideas and execution, and others put the burden of innovation on talented individuals.
